Theme Meeting on Researchers & Industry Interaction in Cryogenics

About the meet

Indian Cryogenic Council (West zone) is organizing a Theme Meeting on Researchers & Industry interaction in Cryogenics on 23rd August 2014. This meet will provide a unique opportunity to all the participants from the Research sectors and Industrial sectors involved in design to operation as well as providing services, specifically in the field of cryogenic related science and technologies. The meet will provide a platform to share the wealth of knowledge available in both the sectors for mutual benefit towards large projects in Accelerators and Fusion apart from basic physics. The focus would be on exposure /exchange of information of research areas/latest developments in the related fields of Cryogenics and low temperature physics.

The one day meet will be hosted by INOX India Limited. The meet venue is Vadodara (Gujarat).

Participant's profile

Research Organizations / Institutions / Researchers /students/ Engineers and Industries working in design, Manufacturing and Instrumentation in Cryogenics and associated fields

Scope

- Papers/ presentations on Research already carried out and is ready for technology transfer to Industry
- Presentation by the industry on the facilities/capabilities and achievements.
- Future large projects
- Specific requirements of research sector from industry and vice versa
- Joint product developments between Research Laboratory & Industry
- Specific requirements where research can be sponsored.

We extend our invitation to all working in this challenging field and look forward to your participation to make this meet a grand success. We look forward to welcoming you at Vadodara.

Registration:

Rs.2500

The registration fee includes participation in the meet, course material, tea/snacks and lunch.

Registration fee to be in the form of DD / Bank transfer, Account details will be informed
